TIC TAC TOE

RULES

Tic Tac Toe is a two-player game where the first player to connect a line of pieces from one side or corner of the board to the other wins. With perfect play, the game cannot be won.

Each player starts with no pieces on the board, but has an unlimited supply of pieces to place on the board.

X moves first.

A piece may be placed on any empty space.

A player wins by being the first to connect a line of friendly pieces from one side or corner of the board to the other.

The game ends when either one player wins or it is no longer possible for a player to win (in which case the result is a draw).

WARNING

CHOKING HAZARD - small parts, not suitable for children under 3 years, should only be handled or used with adult supervision.
